IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW BUSINESS ACCOUNT:

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information that identifies each business that opens a new account and the beneficial owners of the Business.

What this means for the business: when the business opens a new account, we will ask for the business' name, address (local office or principal place of business), taxpayer identification number, and other information that will allow us to verify the existence of the business. We may also ask for other identifying documents or use non-documentary methods to verify the existence of the business.

What this means for the beneficial owners: when the Business opens an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask for your driver's license or other identifying documents.

The computation dates will be December 1, March 1, June 1, and September 1 (or if such dates do not fall upon a business day, the first publication day thereafter). The APRs are based on the 7.50% Prime Rate on 3/1/2025.
